

## Annual Report of the Archivist, May 2008 Delaware Library Association

I was appointed by the President as Archivist in late September of 2007. At that point I did a brief evaluation of the DLA collection housed at the Delaware Division of Libraries and began updating the Retention Schedule.

At the February Executive Board Meeting I presented the revised Retention Schedule and it was approved by the Board. During my tenure, I also received a few items from Division Heads to be added to the Archives.

The next Archivist will want to work on reorganizing and possibly re-housing the DLA collection.
