

## English 110 Library Skills Quiz

If you have been assigned the quiz after completing the English 110 Library Tutorial, please print this sheet, answer the five questions below, and return the sheet to your instructor.

Name: \_\_\_\_\_

Date: \_\_\_\_\_

**1. You are writing a research paper on the following topic: *Does regular drug testing prevent athletes' use of steroids?* In the boxes below, record five good key words or key word phrases that can be used to search for this topic in DELCAT or a Library Database.**

A) \_\_\_\_\_

D) \_\_\_\_\_

B) \_\_\_\_\_

E) \_\_\_\_\_

C) \_\_\_\_\_

**2. You are searching for information on the following topic: *Did Barack Obama's use of YouTube and internet media affect the outcome of the 2008 Presidential Election?* You have tried searching for the key words OBAMA AND ELECTION, but you've received too many results. How can you narrow this search to receive fewer (and more accurate) results?**

A) Add another key word or key word phrase from your topic, such as "Internet media," using AND.

B) Truncate the key word ELECTION using an asterisk (election\*).

C) Use the database's limits (e.g. limit by date or to peer-reviewed publications) to keep unwanted items out of your results.

D) A and C only.

E) None of the above.

ANSWER: \_\_\_\_\_

3) Place an “X” in the column of the search system that should be used to find each type of information.

Format	Journal Database (Such as Academic OneFile)	Internet (via a search engine such as Google)	News Database (Such as Lexis Nexis)	DELICAT
EXAMPLE: Magazine Articles	X			
Books				
Newspapers				
Journal Articles				
Web Sites
